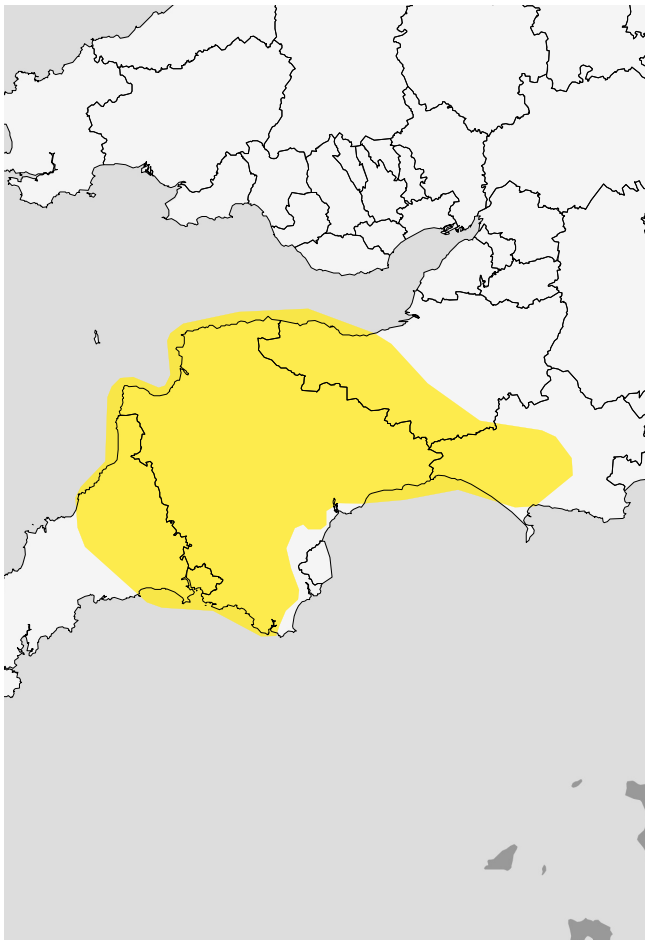
Yellow warning
Snow

Between
05:00 Thu 21 Nov 2024 and
15:00 Thu 21 Nov 2024



Snow over higher parts of southwest England may lead to some travel delays, with a chance of snow to lower levels too

What to expect

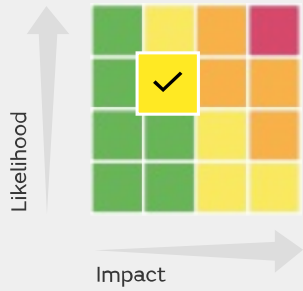
- Some roads and railways likely to be affected with longer journey times by road, bus and train services

Further details

A spell of rain and snow is expected to develop across southwest England early on Thursday. Accumulating snow is most likely over higher ground above 200 metres where 2-5 cm is probable. There is a chance that similar accumulations occur at lower levels in places. Higher parts of Dartmoor could see 5-10 cm. There is likely to be a risk of ice developing as skies clear into Thursday night.

What should I do?

Snowy, wintry weather can cause delays and make driving conditions dangerous.



✓ Medium likelihood of low impacts

15:00 Thu 21 Nov 2024

Further Details (continued)

Keep yourself and others safe by planning your route, giving yourself extra time for your journey. Check for road closures or delays to public transport and amend plans if necessary.

If driving, make sure you have some essentials in your car in the event of any delays (e.g., warm clothing, food, water, a blanket, a torch, ice scraper/de icer, a warning triangle, high visibility vest and an in-car phone charger).

Be prepared for weather warnings to change quickly: when a weather warning is issued, the Met Office recommends staying up to date with the weather forecast in your area.
